Ankush Kumar

Full Stack Developer | React.js | Node.js | MySQL | Firebase | Java | DSA

Computer Science (B.Tech - AI) student with strong skills in Java, Python, JavaScript, and TypeScript, along with experience in React.js, Node.js, HTML5, and CSS3 for building responsive web applications. Proficient in UI/UX design, MySQL, Firebase, and Version Control (Git/GitHub). Strong foundation in Data Structures & Algorithms with 200+ problems solved on LeetCode. Experienced in developing projects such as portfolio websites, student attendance systems, and productivity applications. Currently working as a freelance web developer on Fiverr, delivering modern and responsive web solutions. Seeking a software development internship to apply technical skills and gain real-world development experience.

ACHIEVEMENTS

1. Competitive Programming Achievements:
2. LeetCode 200+ Problems Solved (Dec 2025)
3. 30-Day Continuous Coding Streak
4. Top 20% Weekly Contest Performance

Projects

1. Ask My Notes - AI Study Assistant

Tech: React.js, TypeScript, Node.js, Firebase

- Developed an AI-powered study assistant platform that allows students to upload notes and receive structured explanations and summaries.
- Built an interactive dashboard using React.js and TypeScript to manage notes and improve user experience.
- Integrated Firebase authentication and real-time database for secure data storage and access.

2. AI Study Assistant Guide

Tech: React.js, TypeScript, Node.js

- Built an AI-based study guidance platform that helps students understand and organize complex study topics.
- Implemented interactive UI components and structured learning modules using React.js and TypeScript.
- Focused on improving learning productivity through AI-assisted explanations and study support.

CERTIFICATIONS AND LICENSES

1. Java Programming Certificate - HackerRank
2. JavaScript - HackerRank
3. Front-End Development Certification - freeCodeCamp
4. Data Structures & Algorithms Certification - Coursera
5. Responsive Web Design Certification - freeCodeCamp
6. Python - Kaggle
7. Git & GitHub Essentials - Coursera
8. UI/UX Design Fundamentals - Google
9. LeetCode 200+ Problems Badge - LeetCode Credential
